

820 Payment Order/ Remittance Advice

The goal of this documentation is to present the EDI VICS 820 Transaction Set as it pertains to Safeway Inc. and how it currently does business in accordance with the retail industry's financial standards.

This map does not vary from the VICS standards but defines only the segments and data elements as required or provided by Safeway. All specific values are clearly noted in the description or enumerated in tables presented.

EDI IMPLEMENTATION GUIDE
For
820 Payment Order/Remittance Advice
Version 004010 VICS

SUMMARY OF CHANGES

Change Date	Description of Change
09/05/2007	REF Segment, additional code "UQ". This code will be sent when a Promotional Billing Deduction has occurred.
05/15/2008	REF Segment, code "UQ". Safeway will send up to 25 characters in this field.
05/05/2009	ADX Segment, additional code "CM". This code will be sent in ADX03 when ADX01 contains a negative value. REF Segment, additional code "CM". This code will be sent in REF01 if ADX03 is "CM".
06/10/2016	See Summary Section for new DUNS #s, ENT04 for Albertsons divisions.

VICS 820 Payment Order/Remittance Advice
Version Release 004010

Functional Group ID = RA

The following are Safeway's specification for Electronic Funds Transfer [EFT] payment. Safeway's EFT program is split payment and remittance notification, which we refer to as "unbundled". This means Safeway will send payment only to Safeway's bank and payment/remittance notification, 2 days in advance, to the supplier. This document defines the details of Safeway's EFT program.

0091372093500	Safeway NAI

Frequently Asked Questions (On-Boarding EFT)

1. Where can I get Safeway's 820 mapping specifications?

Safeway's EFT EDI 820 Maps are available on our web site for downloading at http://suppliers.safeway.com/usa/edi_us/edi_mapping.asp.

2. Who will work with us as it relates to the EDI mapping?

The Maps are designed for ease of use but if you have any other related questions pertaining to EDI and the maps, you can e-mail your inquiries to ecredi@safeway.com.

3. Will the value of ENT04 sent vary depending on the ship-to? Can we get a list of ENT04 values?

An 820 may include warehouse invoice payments for all or only some divisions. These will be segregated and identified by ENT segments defining such entities. Please communicate with your AP contact to determine which accounts will be incorporated in this process.

ENT04 will be transmitted for the 'ship-to division' the order was actually delivered and is being invoiced to. Below is a table of our current ENT04 values.

ENT04	Division Name
0091372090400	Albertsons Denver
0091372090500	Safeway Denver
0091372091600	Albertsons Southwest
0091372091700	Safeway Southwest
0091372091800	Albertsons Portland
0091372091900	Safeway Portland
0091372092000	Safeway Southern
0091372092100	Albertsons Southern
0091372092200	Albertsons Houston
0091372092300	Safeway Houston
0091372092500	Northern Cal
0091372092600	Albertsons Seattle
0091372092700	Safeway Seattle
0091372092800	Albertsons Southern Cal
0091372092900	Safeway Southern Cal
0091372093000	Albertsons Intermountain
0091372093100	Safeway Intermountain
0091372093200	NAI Jewel Osco
0091372093300	NAI Shaws
0091372093400	NAI ACME
0091372093500	Safeway NAI

4. Will Safeway only send a value of "I" [Information Only] in BPR01?

Yes, since Safeway is sending the payment and remittance notification two days in advance prior to payment being deposited into your bank, we will only a value of "I" [Information Only] in BPR01 and CTX in BPR05.

Frequently Asked Questions (On-Boarding EFT) - continuation

5. How will Safeway send the RMR segment?

Invoice number in RMR02, Net amount in RMR04, Original Amount of Invoice exclusive of any discounts or allowances in RMR05 and Discount amount (if applicable) in RMR06.

As an example, if an invoice gross amount is \$20,851.11, discount amount is \$420.77, the net payment amount will be \$20,430.34. The RMR segment will read like this: RMR*IV*6092392*PI*20430.34*20851.11*420.77~

Invoice #	Net \$	Gross \$	Disc. \$
-----------	--------	----------	----------

6. How will adjustments [ADX] show up? Will Safeway pay the full invoice first and create an adjustment? Does Safeway use vendor's debit memo? Can Safeway send other reason codes to identify different type of adjustments?

Adjustments will be transmitted on the ADX segments with ADX02 qualifier of 'ZZ'. Due to system limitations, Safeway can only send the ADX segment "prior to the RMR" (Loop ID ENT/ADX) and cannot send ADX at invoice level.

Typically, Safeway will pay full invoice first, net of any discounts. If there are other adjustments, i.e. coupons, Safeway will create a debit adjustment using a Safeway assigned memo # to account for said adjustment.

7. Since Safeway is not sending ADX relative to the invoice for which adjustments are being made, how can I obtain detailed information regarding these adjustments?

The AP Department at Safeway will continue to mail the details for these adjustments to you. If you require additional copies, please submit your request by fax: 623-869-6142.

8. What will Safeway be sending on the N1 segment?

Typically, we will be transmitting this segment as N1*PE*Vendor Name*92* NNNNNN~

Where: N103 = '92' and

N104 = Safeway assigned AP vendor # [if unsure of this #, your AP contact can provide this information]

Note: The Safeway AP# is a 6-digit number, we will not send preceding zeros and it will be right justified.

Example: N1*PE*Safeway Supplier Name*92* 2397~

9. At what point will Safeway be ready to make the switch from paper checks?

At the current time, all invoices that have been paid in the system, will be paid based on current terms and will pay on a paper check.

To begin the new EFT payment process, all invoices transmitted EDI will need to reflect our New EFT terms as agreed upon on the original setup form. Once these terms are updated and transmitted, the terms in Safeway's payable system will be changed. These invoices will then be paid with an EFT payment.

10. Safeway's bank is sending a batch number in the 820 to my bank. Why am I not receiving the batch number from Safeway?

The batch number is used only between Safeway' bank and Safeway.

11. Does Safeway required an EDI Functional Acknowledgement [997] for the 820?

Yes, Safeway requires a Functional Acknowledgment [997] for all outbound transmissions. Functional acknowledgment [997] is standard EDI protocol.

Frequently Asked Questions (On-Boarding EFT) - continuation

12. When will send Safeway send the 820 and what is the settlement date?

- Safeway transmits vendor payments to Safeway’s bank Sunday through Thursday.
- Safeway transmits payment/remittance notifications to vendor Sunday through Thursday.
- Payments generated Sunday through Wednesday will be deposited in the vendor bank in two days.
- Payments generated on Thursday will be deposited in the vendors bank on the following Monday.

Example:

Payment Cycle	Remittance Detail To Vendor	Payment Date	Effective Date (Cash in Bank)
Sunday	Sunday	Monday	Tuesday
Monday	Monday	Tuesday	Wednesday
Tuesday	Tuesday	Wednesday	Thursday
Wednesday	Wednesday	Thursday	Friday
Thursday	Thursday	Friday	Monday

In this example, payment was generated on 10/18/05, Tuesday for \$415,883.15 and the settlement date is 10/20/05, Thursday.
